

United Nations

International Seminar July 15, 2025

Warm Greetings!

International Council for Education, Research and Training (ICERT) is organizing an International Seminar on **UN/ UNESCO- UNEVOC World Youth Skills Day theme 2025**

"Youth Empowerment Through AI and Digital Skills"

The Fourth Industrial Revolution, driven by artificial intelligence (AI), presents both opportunities and challenges for global labour markets. Specifically, for technical and vocational education and training (TVET), AI has introduced transformative tools and opportunities for innovation and personalized skills development, while also posing significant systemic challenges. Without comprehensive reforms in TVET systems, the digital divide will widen, deepen global inequalities and leave marginalized youth further behind. 15 July 2025 marks the 10th anniversary since World Youth Skills Day (WYSD) was first celebrated in 2015. The theme for WYSD 2025, Youth empowerment through AI and digital skills, underscores the urgent need for the multidimensional integration of AI into TVET systems to empower youth, bridge digital divides and build inclusive, peaceful and resilient societies.

A certificate of Participation will be issued to all attendees, Registration and minimum 75% attendance are mandatory

Register in advance for this meeting

https://us06web.zoom.us/meeting/register/ngyq_PRVSR-SSEOnX9XFSA

On this occasion ICERT will felicitate educators, social workers, clinicians/ researchers, and other professionals from different disciplines who have positively contributed towards youth empowerment and are continuously enriching education/ research fraternity & society with an International Honor
